

POWERMOON® 600 - LEDMOON®

The unbeatable Valuemaster

Powermoon® 600, LED-Moon® is the unbeatable Valuemaster offering the best deal for your dollars!

No other balloon- or floodlight offers a better ratio between lumen rate per dollar! You pay less then \$0,022 per Lumen (approx.).

Technical Data

Power :	560W
Currency :	110 - 125V / 50 - 60Hz
Amps :	5A
Light Output :	approx. 50 000 - 65 000lm
Light Color :	5500K, daylight white
Weight Lighting Balloon :	29lbs
Dimensions Lighting Balloon :	Diameter 35", height 24"
Dimensions Transport Container :	Diameter 10", length 59"
Bottom Mounting Pin :	Pin DIN14640 or 1.1"
Recommended Generator :	1kVA

POWERMOON® 400 - LEDMOON®

The multi-currency system 12V / 24V DC - 120V AC

Powermoon® 400, LED-Moon® The multi-currency system! A true specialist for your roadwork!

Everything is possible with this LED-Moon® system. No generator is needed when it is connected to the machine's 12/24V DC battery.

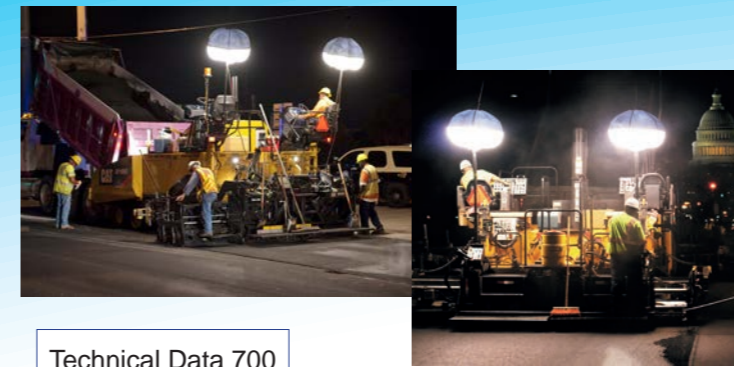

Technical Data 400

Power :	375W at approx. 12.3V
Amps :	12V = 35A / 24V = 17A / 48V = 8A
Light Output :	approx. 30 000 - 35 000lm
Light Color :	5500K, daylight white
Weight Lighting Balloon :	27.55lbs
Dimensions Lighting Balloon :	Diameter 35", height 24"
Dimensions Transport Container :	Diameter 10", length 59"
Bottom Mounting Pin :	Pin DIN14640 or 1.1"
Vehicle Alternator :	>50A *
Recommended Battery :	>60Ah *

* in operation over vehicle battery

POWERMOON® 700 - LEDMOON®

The multi-currency system 12V / 24V DC - 120V AC

Technical Data 700

Power :	750W at approx. 12.3V
Amps :	12V = 70A / 24V = 35A / 48V = 17A
Light Output :	approx. 60 000 - 70 000lm
Light Color :	5500K, daylight white
Weight Lighting Balloon :	30.86lbs
Dimensions Lighting Balloon :	Diameter 35", height 24"
Dimensions Transport Container :	Diameter 10", length 59"
Bottom Mounting Pin :	Pin DIN14640 or 1.1"
Vehicle Alternator :	>100A *
Recommended Battery :	>120Ah *

* in operation over vehicle battery

COMPACT® 300/600 - LEDMOON®

The multi purpose light, directed flood- or balloon light. Waterproof and ultra strom stable. The multi-currency system 12V / 24V DC - 120V AC

1. Floodlight option directed --> Turn the wheel --> 2. Diffuser completely opened = Balloon

Technical Data

Power :	300W / 600W at approx. 12.3V
Amps 300W :	12V = 25A / 24V = 12,5A / 48V = 6,25A
Amps 600W :	12V = 50A / 24V = 25A / 48V = 12,5A
Light Output :	300W = 30000lm / 600W = 60000lm
Light Color :	5500K, daylight white
Weight Lighting Balloon :	300W = 16.53lbs / 600W = 21.83lbs
Dimensions :	Diameter 8", height 15" (600W + 2")
Dimensions Transport Container :	Diameter 10", length 20"
Bottom Mounting Pin :	Pin DIN14640 or 1.1"
